A special  
taste maker,  
five delicious  
milkshake  
flavors.

## R6888 Titan Duo Combi

# Versatile capacity

The Titan Duo Combi is the most versatile of NISSEI's machines. It allows you to easily make two flavours of soft serve, a mixed flavour and five flavours of milkshake. Surprise your guests with unique flavours that suit the season. Thanks to RAPP technology, this machine is able to constantly offer high-quality soft serve and milkshakes. The two cylinders can be activated and deactivated independently of each other. This means you can serve from just one cylinder during the off-season.

## The advantages for you

- ✓ Featuring RAPP technology.
- ✓ Fast and powerful due to the 3-chamber freezing compartment.
- ✓ Fixed Balance with Triangle Center Bar.
